#### **FUNDING**

Restore 30% of the funding amount originally recommended for 36 new projects and one amendment (Studio Arts) approved at the Panel Meeting of April 25, 2014. The original amount of funding was reduced by 30% for most proposals approved in April to funding limitations at the end of last Fiscal Year. In taking action to reduce by 30% the Panel expressed its intent to restore the full funding in July, at the start of the new Fiscal Year. The only exception was for projects that could postpone start-of-training, which were approved at the full amount with a contract effective in July.

A total of 37 proposed amendments are listed on the following page, by ETP Agreement number and contractor name, with the restored 30% expressed as a dollar amount. All other funding aspects of these ETP Agreements remain the same. All training plans remain the same, although the estimated number of trainees and hours may be adjusted in order to process the restored funding. The actual amendments will be executed with individual "wet signatures" using standard form ETP301A.

#### **RECOMMENDATION**

Staff recommends approval of 37 amendments to restore 30% in funding for the listed ETP Agreements, as discussed herein.
